Innovative creative solutions for artists by artist since 2009

To our valued distributors and my fellow artists, thank you for your support over the last 6 years, and for the opportunity to work with you and sharing my passion for design and clay.

As a product designer, clay artist, teacher, and the founder of Xiem Clay Center and Xiem Gallery in Pasadena, I understand the demand for good quality tools to address every stage of the clay making and mixed media process. I believe quality tools will not only help artists to optimize their performances, experience more satisfaction and joy, but also inspire them to produce better work. At Xiem we are committed to innovate, develop and deliver the superior quality tools for artists that are competitively priced. Since its inception, Xiem Tools are the premiere choice for clay and mixed media artists of all levels.

Our success story and growth could not have happened without your support. We hope our products make a similar contribution to your continuing success and your love of ceramics. Our goal is to provide artists around the world the right tools to make it easier for them to discover their true talents and to fulfill their dreams.

Thanks to you we have experienced remarkable growth. As a part of that growth we have changed the name from Xiem Studio Tools to Xiem Tools USA to broaden our market. Some of our inventory with the Xiem Studio Tools logo are continuing to be offered until they are sold out. All new productions will have the Xiem Tools USA logo. We strive to deliver excellent, innovation, and commitment in quality and customer service. Again, we appreciate your business, and continuing support.

Please be sure to check out our website at xiemtoolsusa.com for new products, or call us to make an appointment to visit our new showroom in Garden Grove, California.

With love,

Kevin Xiem Nguyen
Founder

Art Roller™

Art Roller is a trademark of Xiem Tools USA LLC.

BE BOLD. EXPRESS YOUR CREATIVE SIDE!

Discover the unlimited possibilities of pattern and texture with Xiem Art Rollers! Each 7" (length) x 2" (diameter) roller is made of high-quality rubber. Different roller patterns are easily interchanged using the stainless steel/hardwood roller handle. The design intention behind our rollers is to allow artists to customize their embellishment. Use a single roller pattern or combine with other textures and overlays to create an infinite variety of surface treatments. Xiem Art Rollers are made in more than 30 seamless designs and are the fun way to explore and to create your unique ceramic artwork.

TRIMMING TOOLS

Available individually or in a set of three tools with a different trimming blade at each end. Each handcrafted tool is made from a solid piece of high-grade tempered stainless steel for your delicate porcelain trimming needs. The blades are very sharp and can be re-sharpened. Bright yellow rubber handles ensure a secure grip, are fun to use and easy to find.

PST83T -10129 Trimming Tool Double Ended Set (3)

XST17-10130 Trimming Tool Double Ended

XST18-10131 Trimming Tool Double Ended

XST19-10132 Trimming Tool Double Ended

TRIMMING TOOLS

Xiém trimming tools are made of heat-treated steel with ergonomic handles. The blades are very sharp and thin which let you effortlessly trim and cut through clay with no need to be re-sharpened. A thin blade is also better because it creates the least amount of drag on the clay surface and provides a cleaner cut. They are great for carving. The bright neon color handles allow you to quickly identify them and are fun to use. Available in 3 classic shapes and 2 standard sizes.

XIEM CLAY RIBS

Meet Xiem Clay Ribs!

Made in two types of material--Silicone and Thermoplastic Polymer with 8 designed shapes to choose from. They are engineered to be born flawless, gorgeous, flexible, smooth, soft and firm.

These Silicone ribs are stand up for you for life--heat, solvent, stain and crack resistant. Perfect for throwing, shaping, smoothing and finishing.

The Thermoplastic Polymer (Polypropylene) ribs on the other hand, are like your best friends--you can count on them for all your throwing needs regardless what type of clays you use. They provide great strength, rigidity, and resistant to fatigue. They float on water.

Smooth edge
less dragging

Sure grip solution

1/4" in thickness for
better control and
shaping

Silicone ribs are more
versatile and flexible
than traditional
wooden ribs

ULTIMATE Decorating Ribs

Xiem ultimate decorating ribs are perfect for adding 3-dimensional detail to ceramics, glass, cakes and canvas. They are available individually and in sets for both flex soft and flex firm. Each set has four different patterns with 3 different sizes on each rib.

Flex soft is fantastic for thick clay slip, engobe, under-glazes, paint and gel mediums. Flex firm is good for clay both on the wheel and leather hard malleable surface. So pick your favorites and decorate your way.

BAT LIFTER™

Don't break your nails, needle tools or fettling knife! Bat Lifter is designed to effortlessly remove any sticky bats or heavy wheel throwing work with confidence off the wheel head. It is made of chrome plated steel for superior strength and rust free. The angled head is design for maximum leverage.

XSTBL-10179 Bat Lifter

X SPONGE 2™

REMOVE THE WATER BEYOND YOUR REACH!

The Xiem X-Sponge 2 is not your ordinary "sponge-on-a-stick." The stainless steel rod telescopes from a shallow 8.5" all the way to 26", making sure you'll never leave water in the bottom of your pots again! The X-Sponge 2 is essential to every potter's tool kit.

XSPONGE2-10180 Sponge with Telescopic Handle

XS2RS-10181 Replacement Sponges (2)

● Artist: Kevin X. Nguyen

Potter's Wand™ II

CURVES TO FIT YOUR NEEDS.

The potter's wand 2 is a throwing and shaping wonder stick. It works like an extension of your finger. It is bendable to reach into a narrow necked wheel-thrown form to shape pots like a professional. Whether you are left or right handed, this Potter's Wand will fit securely in you hand. It is made of silicone rubber over a steel structure with a total length of 15.25". A must-have tool for any potter who loves throwing.

Silicone
made to last

Designed to work well
with both left and right
handed artists.

Use this end to smooth a
deep joint where it is hard
to reach with your finger.

Extra long handle
for tall works. Perfect for a
beginner to a professional
artist.

Curve this end to fit your
desired shape.

Artist: Kevin X. Nguyen

XPW2-10182 Potter's Wand

SELF ADHESIVE FOAM

MADE FOR BATS. USED FOR TRIMMING.

Xiem Studio Tools innovative peel-and-stick self-adhesive foam trimming bat is ideal for trimming large bowls and plates without the use of a coil to attach the piece to the wheel head. Xiem self-adhesive foam has an excellent adhesion to all types of wooden and plastic bats. Once applied to the bat, its surface grips the rims of leather hard pieces and holds them in place for trimming. Items can be easily centered using the concentric rings. It works great for trimming the feet of bowls and plates. Not recommended for cylinder shapes such as bottles, vases or jars.

XSAF-10184 Self Adhesive Foam

Artist: Kevin X. Nguyen

PRO-SPONGE

The best alternative to elephant sponge. They are extremely soft, super absorbent and long-lasting. Tapered edges give you great control while you are working on the pottery wheel or hand-building clay work. Each sponge is designed for a specific purpose, however you can use in whatever way is best for your needs. The stoneware sponge has medium spores to allow sand and grog to nest in the sponge's pores so that they do not remove the clay surface. The porcelain sponge has fine spores for maximum water and slip absorbency. Last but not least is the finishing sponge. Its super smooth surface is designed for final finishing of clay work to erase joints, finger marks and fine lines.

RETRACTABLE SCORING TOOL

SHARP, DEPENDABLE AND FUN!

Xiemi retractable scoring tool provides an ergonomic and safe solution to scoring and storing. The 6 sharp stainless steel tines ensure good scoring marks for any kind of clay work. Push forward when you are ready to use and pull back when you are done. It can be pulled apart whenever it requires to be cleaned. Its bright color makes it easy to find and it won't roll off the table.

PSFPC-10186 Pro-Sponge for Porcelain Clay

PSFSS-10187 Pro-Sponge for Finishing

XST39-10188 Retractable Scoring Tools

● Artist: Beverly Archer

CARVING TOOLS

This miniature set with double ends is great for delicate carving and detailing of soft clay. Each tool is hand-crafted from high quality stainless steel to ensure a precise cutting edge and has a bright orange rubber handle for a comfortable and secure grip. Fun to use and the bright color that's easy to find. These tools can be sharpened.

PSTS4C-10080 Carving Set (4)

MODELING + CARVING TOOLS

All the right tools for your modeling and carving needs--a fantastic addition to your Xiem Art Bag. Each tool is made from solid, high-grade stainless steel and handcrafted in a variety of essential shapes and contours for intricate modeling, carving, shaping and clay removal. The bright red rubber ensures secure gripping and makes it fun to use and easy to find. These tools are made to last and can be sharpened.

PSTS9MC-10081 Modeling & Carving Set (9)

SGRAFITTO + DETAILING TOOLS

The seven most practical and versatile tools for your sgraffitto and detailing needs. Each tool is made of solid high-grade stainless steel and hand crafted in a variety of popular shapes with a precise cutting edge. With a rubber handle for a comfortable, secure grip, these tools are also great for intricate carving, cutting, and refining of detail.

PST57SD-10082 Sgraffitto & Detailing Set (7)

CARVING + SCULPTING TOOLS

This set offers a wide variety of shapes for basic clay carving and modeling. Many of these tools allow you to refine forms to your exact needs and can be sharpened. Each tool is double-ended and handcrafted from high-quality stainless steel to ensure a precise cutting edge. The green rubber handles are easy to find and provide a comfortable, secure grip. Without glue or assembled parts.

PST57CS-10083 Carving & Sculpting Set (7)

WIRE SCULPTING TOOLS

This set of three double wire end tools is perfect for fine modeling, incised design and sgraffito work. Each tool is made of fine stainless steel wire for precision cutting, cleaning and sharp modeling of edges with confidence. The bright orange rubber handle are easy to find and provide a comfortable grip.

PSTS3WS-10085 Wire Sculpting Tool Set (3)

STYLUS TOOLS

Ball Stylus tools are excellent for sgraffito and embossing. Each tool is made from high-grade stainless steel and crafted into a single robust tool with a precise ball on each end. They are set in bright color rubber for secure gripping and are easy to find. Made without glued or assembled parts, these tools are designed to last. They are also great for creating surface textures, marking, tracing, transferring patterns, writing and incising on green-ware. **Length: 6.5"**

XST01-10133 Ball Size: 1.0mm and 1.5mm

XST02-10134 Ball Size: 1.5mm and 2.0mm

XST03-10135 Ball Size: 2.5mm and 3.0mm

XST26-10192 Ball Size: 3.5mm and 4.0mm

NEEDLE + SCORING TOOL

Two tools in one! Each tool is made from high-grade stainless steel and hand-forged to create a solid tool with a sharp needle on one end and a scoring tool on the other. Set in bright color rubber for a comfortable, secure grip, they are fun to use, easy to find and won't roll off the table. They are also great for cutting, scoring, removing clay and all your hand-building needs. Since there are no glued or assembled parts, these tools are made to last. **Length: 7"**

XST04-10136 Needle and Scoring tool

FETTLING KNIFE + SCORING TOOL

Two tools in one! Each tool is made from high-grade stainless steel and hand-forged to create a solid tool with a fettling knife on one end and a scoring tool on other. Set in bright color rubber for comfort and secure gripping, they are fun to use, easy to find and won't roll off the table. They are great for cutting, removing mold marks, scoring and all of your hand-building needs. Since they have no glued or assembled parts they are made to last and can be sharpened.

Length: 7"

XST05-10137 Fettling Knife and Scoring Tool

CLEAN-UP TOOLS

Xiém clean-up tools are great for many intricate clean-up jobs on slip-cast greenware seam lines and mold marks. They are also excellent for many other uses such as cutting, detailing, shaping, scraping, deepening grooves and removing imperfections. Each tool is made of high-grade stainless steel and has a rubber handle for firm gripping and comfort.

Length: 7"

XST06-10138 Clean-Up Tool

XST07-10139 Clean-Up Tool

XST08-10140 Clean-Up Tool

SCORING + JOINT-SMOOTHING TOOL

Two tools in one! Each tool is made from high-grade stainless steel and hand-forged to create a scoring tool on one end and a joint-smoothing tool on the other end. Set in bright-colored rubber for comfort and secure gripping, they are fun to use, easy to find and won't roll off the table. They are great for cutting, scoring, removing mold marks, carving, smoothing joints and all of your hand-building needs. Since they have no glued or assembled parts, they are made for life.

Length: 7"

XST09-10141 Scoring and Joint-Smoothing Tool

SERRATED SCRAPER

This double-end tool has fine serrated teeth on one end and coarse teeth on the other. It is made from high-grade stainless steel and is hand-forged to create a solid unbreakable tool. Set in bright-colored rubber for comfort and secure gripping, it is fun to use, easy to find and won't roll off the table. It is great for cutting, slicing, scoring, scraping, texturing, refining, shaping and removing clay. **Length: 6.4"**

XST10-10142 Serrated Scraper

SERRATED KNIFE + HOOK TOOL

This double-end tool has a hook with fine teeth on one end and a knife with medium fine teeth on the other end. It is made from high-grade stainless steel and hand-forged to turn into a solid unbreakable tool. Set in bright-colored rubber for comfort and secure gripping, it is fun to use, easy to find and won't roll off the table. It is great for cutting, slicing, scoring, scraping, texturing, refining, shaping and removing clay.

Length: 7"

XST11-10143 Serrated Knife and Hook

GRIFFON HOOK TOOLS

This double-end tool has two sizes of hooks with flat sharp and serrated teeth at each end to provide a maximum clay removal and even surface at the same time. This revolutionary teeth design allows you to cut half the time to finish your work. It is made from high-grade stainless steel and hand-forged to create a one-piece tool. Now available in three hooks, length and teeth sizes. Set in bright-colored rubber for comfort and secure gripping, it is fun to use and easy to find. It is also great for texturing, refining and shaping clay with greater control and time saving.

XST12-10144 Griffon Hook (S) Fine Teeth. Length 6.3"

XST13-10145 Griffon Hook (M) Medium Teeth. Length 8"

XST24-10223 Griffon Hook (L) Coarse Teeth Length 9.5"

NEEDLE TOOL

FOR FINE CLAY BODY (PORCELAIN)

This fine needle tool is designed for potters who need a sharp, smooth, clean, delicate cut to remove the uneven top rim of a fine porcelain piece on the potter's wheel. Made from surgical stainless steel to ensure sharpness, they are strong and long lasting. The faceted handle is set in rubber for a comfortable and secure grip and will not roll off the table.

NEEDLE TOOL

FOR COARSE CLAY BODY (STONEWARE)

This robust needle tool is designed for potters who need to remove a thick uneven rim of a coarse clay body on the pottery wheel. Each tool is made from a solid piece of surgical stainless steel to ensure sharpness and quality for life. The sharp point needle allows cutting through thick clay quickly and smoothly. The broader base of the needle helps to separate and split clay away with ease, avoids bending and breaking. The faceted handle with inset rubber for comfort and secure gripping won't roll off the table.

PRECISION APPLICATORTM

A tool that writes and decorates like no other! Xiem's Precision Applicator is a true innovation for glazing, slip-trailing, fine detailing, writing, wax-resisting, painting and any other liquid decorating technique you can dream up! Our system consists of a super-soft rubber applicator bulb, nickel-plated connector and your choice of 8 interchangeable tips. It's lightweight, easy to use and clean, plus our precision tip and connector system ensures that air pressure is regulated evenly and effortlessly. Precision Applicators are available in 1 oz. and 3 oz sizes. Each set comes with a connector and bulb, plus 4 tips (15, 17, 19 and 21 gauge for the 1 oz; 14, 16, 18 and 20 gauge for the 3 oz.) and 2 cleaning pins.

CUSTOMIZABLE APPLICATOR

Applicator Bottle with customizable tip allows you the freedom to create complex designs in a variety of line widths and thicknesses. The very soft, low-density, clear plastic bottle is ideal for highly controlled applications. It comes with 3 removable and writable clear water-resistant labels and an airtight cap lock to store liquid media without the hassle of clean up after use. The customizable tip can be cut to 7 different sizes. The low-pressure-cap connector provides a consistent and effortless flow and works well with Xiem precision gauge tips for precise application.

It's perfect for glazes, underglazes, slip, wax resist, inks, watercolors, paints, silk dyes, henna, water-based adhesives, and other liquid media. Available in 1 oz, 2 oz, 4 oz, and 8 oz bottle sets, and a kit which includes all bottle and tip sizes.
